SURVEYORS  
ENGINEERS  
PLANNERS

Cascade Surveying & Engineering, Inc. is a respected firm specializing in land surveying, civil engineering and land use planning in Western Washington for over 45 years. We are looking for a dedicated, self-motivated Professional Land Surveyor to join our team in Arlington, WA.

Qualified individual will lead in the preparation of ALTA surveys, topographic surveys, easements, legal descriptions, boundary line adjustments, calculations, construction staking, boundary surveys, elevation certificates and LOMA applications.

## Minimum Qualifications:

- Professional Land Surveyor License in Washington State
- Valid WA State Driver's License
- AutoCAD 2017
- Ability to write legal descriptions
- Boundary analysis and computations
- Quality control of all survey documents
- Assist in directing field and office staff
- Knowledge of standard surveying methods and procedures
- Leadership and strong communication skills
- Experience with conventional, GPS, Robotic and data collection systems
- Highly motivated self-starter with the ability to multi-task between projects, phone calls and walk in clients

Cascade Surveying & Engineering, Inc. provides a great team environment and we are always focused on employee development and advancement. Our total compensation package is very competitive and includes full benefits including health care, 401k plan with company matching, vacation/sick pay, quarterly bonuses and a stocked kitchen. We are a stable and successful firm driven by talented, passionate professionals with strong leadership.

Come join our team!
