

## Land Surveyor (Seattle)

Lin & Associates a land surveying engineering firm located in downtown Seattle is looking for an experienced Land Surveyor (LSIT or PLS) to add to our team. Company focuses on large public infrastructure projects around the King, Pierce & Snohomish County area.

Job duties to include:

- Manage and oversee survey field crews & drafters
- Establish project control, by adjusting traverses and level loops
- Review CAD (Primarily AutoCAD Civil 3D, but knowledge of Microstation is a plus) deliverables to ensure they meet the client's needs and project standards
- Have a solid understanding of how to prepare and review DTMs
- Review title reports to determine property lines and easements. Write legal descriptions. Knowledge of determining complex railroad ROWs is a plus.
- Prepare ALTA, BLA, LLA, and parcel maps.

Minimum Qualifications:

- LSIT working toward a PLS. PLS is preferred. PE, PLS is ideal.
- Proficient with using AutoCAD Civil 3D
- Great motivator, teacher, and mentor
- Excellent communication skills
